

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

1

Revision Date: 4-14-2015

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product Identifier:

1.1.1 Substance

Substance name: Azide-Poly(ethylene glycole)-tosylate (Mw 5,000 Da)

Catalog Number: AEO25

CAS No.: N/A

Index No: N/A

EC No: N/A

REACH Registration No: N/A

1.2 Relevant identified uses of the substance or mixture and uses advised against

1.2.1 Relevant identified uses

Research and Development

1.2.2 Uses advised against:

Not for clinical usage. Not for food, drug, or household usage.

1.3 Details of the supplier of the safety data sheet:

Supplier:

Akina, Inc.

3495 Kent Avenue

West Lafayette, IN 47906

Technical Contact: John Garner

Email: jg@akinainc.com

1.4 Emergency Telephone Number:

Phone: 765-464-0501x304

Section 2: Hazards Identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 [CLP]	SCL and/or M-factor	Classification procedure
None	N/A	Not established

Classification according to 67/548/EEC or 1999/45/EC	SCL and/or M-factor	Classification procedure
None	N/A	Not established

2.1.1 Additional information

Toxicological properties are not known.

2.2 Label elements

2.2.1 Labelling according to Regulation (EC) No 1272/2008 [CLP/GHS]

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

2

Revision Date: 4-14-2015

Product identifier:

Substances: Azide-Poly(ethylene glycole)-tosylate (Mw 5,000 Da)

Hazard components for labeling:

None

Hazard pictograms

Warning

Hazard Statements:

H315 Causes Skin Irritation

H319 Causes serious eye irritation

H335 May cause respiratory irritation

Precautionary Statements:

P261 Avoid breathing dust/ fume/ gas/ mist/ vapours/ spray.

P264 Wash skin thoroughly after handling.

P271 Use only outdoors or in a well-ventilated area.

P280 Wear protective gloves/ eye protection/ face protection.

P302 + P352 IF ON SKIN: Wash with plenty of soap and water.

P304 + P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

P312 Call a POISON CENTER or doctor/ physician if you feel unwell.

P321 Specific treatment (see supplemental first aid instructions on this label).

P332 + P313 If skin irritation occurs: Get medical advice/ attention.

P337 + P313 If eye irritation persists: Get medical advice/ attention.

P362 Take off contaminated clothing and wash before reuse.

P403 + P233 Store in a well-ventilated place. Keep container tightly closed.

P405 Store locked up.

P501 Dispose of contents/ container to an approved waste disposal plant.

2.3 Other Hazards

None

Section 3. Composition/information on ingredients

3.1 Substances

Substance name: Azide-Poly(ethylene glycole)-tosylate (Mw 5,000 Da)

Catalog Number: AE025

CAS No.: N/A

Index No: N/A

EC No: N/A

REACH Registration No: N/A

Purity: $\geq 90\%$

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

3

Revision Date: 4-14-2015

Synonyms: None

Stabilizers: None

Hazard impurities: None

Material is not a mixture

Section 4.: First aid Measures

4.1 Description of first aid measures

4.1.1 General Informations:

Substance is non-toxic solid; however not all toxicological properties have been ascertained. For this reason, prudent care should be taken in the event of exposure.

4.1.1 Following inhalation:

If breathing is difficult, contact emergency personnel.

4.1.2 Following eye contact

Flush eyes with flowing water for at least 15 minutes.

4.1.3 Following skin contact:

Wash skin with deluge of water for at least 15 minutes.

4.1.4 Following ingestion:

If swallowed, do not induce vomiting. Do not give anything to drink. Obtain medical attention without delay. If swallowed, wash out mouth with water if person is conscious. Remove to fresh air.

4.1.6 Self-protection of the first aider:

First aider should wear protective gloves/protective clothing/eye protection/face protection as appropriate for the situation.

4.2 Most important symptoms and effects, both acute and delayed

Not identified

4.3 Indication of any immediate medical attention and special treatment needed

None specified. Treatment should be supportive and symptomatic.

Section 5. Firefighting measures

5.1 Extinguishing media:

All types of extinguishing media are suitable

5.2 Special hazards arising from the substance

Hazardous combustion products: oxides of carbon

5.3 Advice for fire fighters

None

5.4 Additional information:

Flash point, °F: no data

Method: no data

UEL: no data / LEL: no data

Autoignition temperature, °F: no data

Section 6: Accidental release Measures

6.1 Personal precautions, protective and emergency procedures

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

4

Revision Date: 4-14-2015

Any information listed below is to be considered in addition to internal guidelines for isolation of spill, containment of spill, removal of ignition sources from immediate area, and collection for disposal of spill by trained, properly protected clean-up personnel.

6.1.1 For non emergency personnel

Personnel should wear protective gloves/protective clothing/eye protection/face protection as appropriate for the situation. Sweep up powders and dispose of in accordance with local laws. Absorb liquids on absorbent material. Contain spilled liquids. Protect personnel from exposure

6.1.2 For emergency responders

Personnel should wear protective gloves/protective clothing/eye protection/face protection as appropriate for the situation. Sweep up solids/powders and dispose of in accordance with local laws. Absorb liquids on absorbent material. Contain spilled liquids. Protect personnel from exposure

6.2 Environmental Precautions

6.3 Methods and material for containment and cleaning up

6.3.1 For containment:

Any airtight container is suitable for containment

6.3.2 For cleaning up:

Sweep up and shovel. Keep in suitable, closed containers for disposal. Sweep up solids/powders and dispose of in accordance with local laws.

6.3.3 Other information:

None

6.4 Reference to other sections

For disposal see section 13.

6.5 Additional information

None

Section 7: Handling and storage

7.1 Precautions for safe handling

Store material in tightly sealed containers. Personnel should wear protective gloves/protective clothing/eye protection/face protection as appropriate for work being performed. Prior to opening package, warm to room temperature.

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Further processing of solid materials may result in the formation of combustible dusts. The potential for combustible dust formation should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation at places where dust is formed.

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed.

7.1.1 Protective measures:

Store material in tightly sealed containers. Personnel should wear protective gloves/protective clothing/eye protection/face protection as appropriate for work being performed. If dissolving material in an organic solvent handle the organic solvent per manufacturer SDS.

Handle under nitrogen, protect from moisture. hygroscopic

8.1.6 Risk management measures according to used control banding approach

None

8.2 Exposure controls

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

8

Revision Date: 4-14-2015

8.2.1 Appropriate engineering controls:

Use of an externally vented or internally ducted fume hood can reduce formation of nuisance dust.

8.2.2 Personal protective equipment:

8.2.2.1 Eye/Face protection

The use of eye protection in the form of safety glasses with side shields is suggested. Use chemical splash goggles and face shield.

8.2.2.2 Skin protection

Latex or equivalent gloves

8.2.2.3 Respiratory protection:

Particulate respirator (N95 type) is suitable for reducing any nuisance dust.

8.2.2.4 Thermal hazards:

None

8.2.3 Environment exposure controls:

None

8.2.4 Consumer exposure control

Material is provided only for research and development usage. As such it is not intended for household, drug, food or other direct consumer usage.

Section 9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

9.1.1 Appearance:

Physical state: Solid

Colour: White to brown

Odour: None

Odour threshold: NA

9.1.2 Safety relevant basic data

	Value	Concentration	Method	temperature	Pressure	remark
pH	Not established					
Melt point	Not established					
Boiling point	Not established					
Flashpoint	Not					

Safety Data Sheet

Trade name:

Product No:

Version: 2.1/EN

9

Revision Date: 4-14-2015

	established					
Evaporation rate	Not established					
Flammability	Not established					
Upper explosive limits	Not established					
Lower explosive limits	Not established					
Vapor pressure	Not established					
Vapor density	Not established					
Relative density	Not established					
Solubility in water	Not established					
Partition coefficient (n-octanol/water)	Not established					
Auto-ignition temperature	Not established					
Decomposition temperature	Not established					
Viscosity dynamic	Not established					
Viscosity kinematic	Not established					
Explosive properties	Not established					
Oxidizing properties	Not established					

9.1.3 Physical hazards:

Explosives: Material is not explosive

Flammable gases: Material is not a flammable gas

Flammable aerosols: Material is not a flammable aerosol

Oxidizing gases: material is not an oxidizing gas

Gases under pressure: Material is not a gas under pressure

Flammable liquids: Material is not a flammable liquid

Flammable solids: Material is not a flammable solid.

Self-reactive substances and mixtures: Material is not a self-reactive substance or mixture.

Pyrophoric liquid: Material is not a pyrophoric liquid

Pyrophoric solid: Material is not a pyrophoric solid.

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

10

Revision Date: 4-14-2015

Self heating substances and mixtures: Material is not a self-heating substance or mixture

Substances or mixtures which, in contact with water emit flammable gases: Material is not a Substance or mixture which, in contact with water emits a flammable gases.

Oxidizing liquids: Material is not an oxidizing liquid.

Oxidizing solids: Material is not an oxidizing solid.

Organic peroxides: Material is not an organic peroxide.

Metal corrosion: Material does not cause metal corrosion.

9.2 Other information

None

Section 10: Stability and reactivity

10.1 Reactivity

Material slowly hydrolyzes to non-toxic components in presence of water or other nucleophiles.

10.2 Chemical stability

When stored properly material is stable for two years.

10.3 Possibility of hazardous reactions

None

10.4 conditions to avoid:

Heat and water may cause degradation of the material. This does not present a danger but damages the provided material.

10.5 incompatible materials:

Strong oxidizers.

10.6 hazardous decomposition products:

None

Section 11: Toxicological information

The toxicological properties of the substance have not been established.

Acute data: no data

Subchronic data: no data

Section 12: Ecological information.

The ecological impact of the substance has not been established. Given that the substance is a biodegradable polymer there is no anticipated ecological toxicity.

Section 13: Disposal considerations

The material is not listed in USA 40 CFR Part 261.33 for hazardous disposal. The material must be disposed of in compliance with all Federal, State and Local Regulations.

Section 14: Transport information

Safety Data Sheet

According to Regulation (EC) No 1907/2006 (REACH)

Trade name:

Product No:

Version: 2.1/EN

11

Revision Date: 4-14-2015

Refer to bill of lading or container label for DOT or other transportation hazard classification, if any. Material is not considered hazardous for transportation.

Section 15 Regulatory information

15.1 The material is not a regulated or restricted substance. Material is not intended for clinical or human usage.

15.1.1 EU regulations

None

15.1.2 National/State Regulations

Prop 65 – Column A identifies those items which are known to the State of California to cause cancer.

Column B identifies those items which are known to the State of California to cause reproductive toxicity.

<u>CAS#</u>	<u>Column A</u>	<u>Column B</u>
NA	no	no

State Regulatory Information – If a CAS# is listed below, this material is subject to the listed state right-to-know requirements.

CAS#: NA not listed

SARA Toxic Release Chemicals (as defined in Section 313 of SARA Title III) – This list identifies the toxic chemicals, including their de minimis concentrations, for which reporting is required under Section 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA). The list is also referred to as the Toxics Release Inventory (TRI) List.

<u>CAS#</u>	<u>Regulated Name</u>	<u>De Minimis Conc.</u>	<u>% Rep. Thres.</u>
NA	not listed	not listed	not listed

SARA Extremely Hazardous Substances and TPQs – This list includes hazardous chemicals as defined in 29 CFR 1910.1200(c) and extremely hazardous substances regulated under Section 302 of SARA Title III with their threshold planning quantities (TPQs), as listed in 40 CFR 355, Appendices A and B.

<u>CAS#</u> <u>(pounds)</u>	<u>Regulated Name</u>	<u>TPQ (pounds)</u>	<u>EHS-RQ</u>
NA	not listed	not listed	not listed

CERCLA – The hazardous substances and their reportable quantities (RQs) are listed in the federal regulations at 40 CFR Part 302, Table 302.4. Release of a CERCLA hazardous substance in an amount equal to or greater than its RQ, in any 24-hour period, must be reported to the National Response Center at (800) 424-8802.

Safety Data Sheet
